## Introduction

Any competition that has been created by the RFU or administered by volunteers within the game will automatically populate the fixtures, results and if relevant, league tables onto the organisations site.

This relies on **all** competitions being entered onto the system. Most age grades no longer play in organised leagues and out of season fixtures are not competitions. Within the GMS system, if the club has their teams listed it is then possible for the club administrator to create one off fixtures for those teams. These fixtures will then automatically be displayed on the club's website.

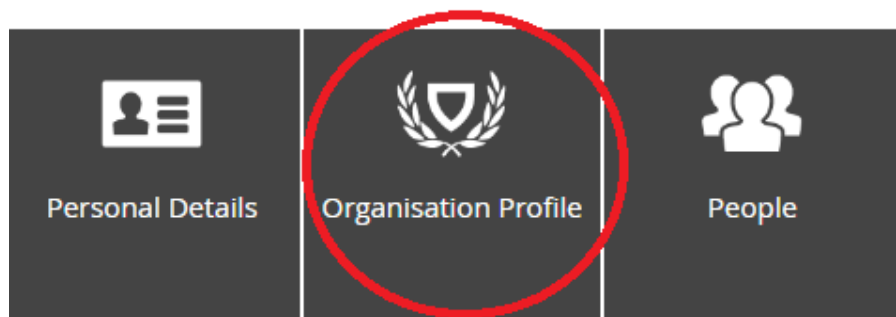

### 1. Creating a Fixture

Log into **GMS** - <https://gms.rfu.com/GMS/Account/Login>

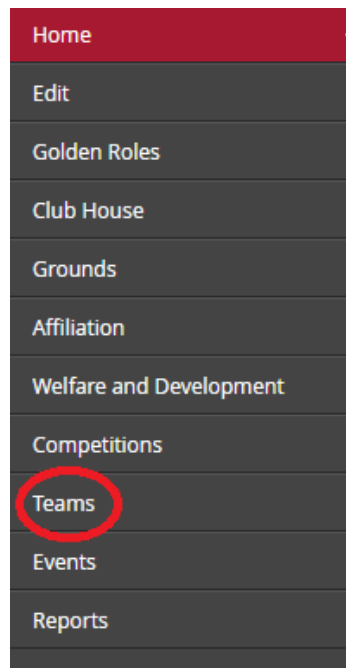

The screenshot shows the RFU GMS Login page. At the top left is the RFU logo, which consists of a red rose and the letters 'RFU'. Below the logo is a 'Login' section with the heading 'Please login by entering your details in the form below'. There are two input fields: one for 'USER NAME' containing the text 'Maxtest2' and one for 'PASSWORD' with masked characters. Below the password field is a 'Remember me?' checkbox. At the bottom of the form are two buttons: a green 'Login' button and a red 'Forgot Password' button. A small note at the bottom of the form reads 'If you are having problems please contact your administrator'.

Select **Organisation Profile**.

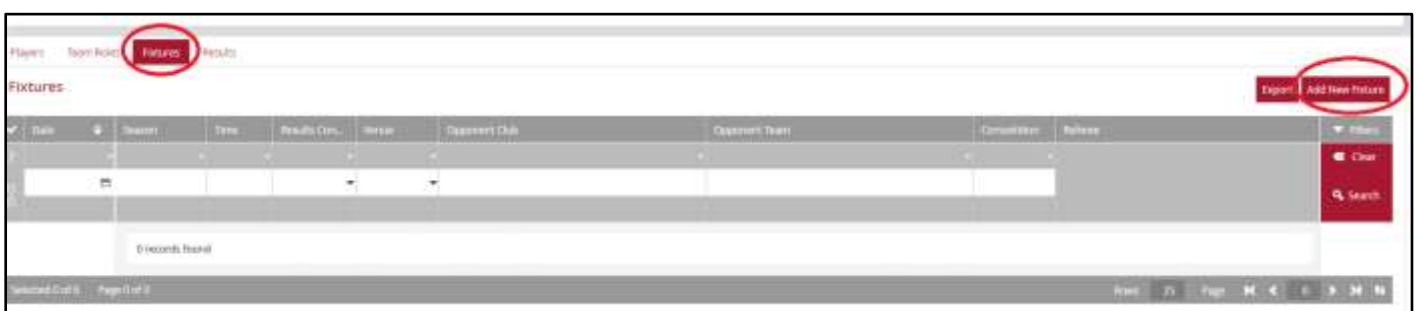

Go to **Teams** and select the Team you want to create the fixture for.
